Upcoming from ADPTracker-Report-SignatureFuture_02-22-2017 through 04_30_2017.xlsx

Hello –

This is one of the lists that need to be done today. Since this is an excel file, I am not going to post to sharepoint, Instead, if you could look at the list and if there is a rule here that you are/did work on could you please provide information about why does this rule need to move quickly. Examples of why could be “it is just a SIP” “it is an emergency exemption” **So if you could send that to me very quickly that would be great.** I am going to work on the description of the rule – a lot of these look like they were taken from the abstract in ADP Tracker, and Mark asked instead for a blurb. So I will be going through the list that we used to have and seeing if those will work.

Mark would like this done within a couple of hours so this really is very short turn-around.

Thanks in advance for your help.

Importance: High

I have an urgent request – need help from you both or one of you to have staff / whoever edit down these blurbs to be consistently short and sweet. These were cut and pasted last night by myself from various sources and they need to be edited ASAP. I'm in mtgs w Sarah right now...
